### BIBLIOGRAPHIES

**RT 84.5. S5 1989**  

Comprehensive bibliography that brings to the field of nursing and related disciplines a rich and unique resource. Serves as a guide to the human caring literature and a basis for any literature review in the field.

**REF. RT31.B84 1981**  

Brings together references pertinent to the history of nursing. Serve as a measuring stick, a method of assessing the nature of research into nursing history.

### DICTIONARIES

**REF. RT81.5.P69 1995**  

This dictionary provides a handy compilation of definitions and discussions of terms that are encountered in the nursing science literature. Intended for undergraduates, graduate students, faculty, and practicing nurses.

**REF. R121.M89 1994**  

Developed to provide a single source of authoritative, up-to-date information concerning health and health care terminology.

### ENCYCLOPEDIAS

**REF. RT81.5.E53 1998**  

Primarily written for graduate students and nurse researchers. Includes a selective list of nursing research journals.

**REF. R 121. M65 1997**  

Provides a current and authoritative guide to health science vocabulary. A useful reference that is dedicated to serving information needed in nursing and health sciences.

### INDEXES

**REF. Z 6675. N7 C8**  
*Cumulative Index to Nursing and Allied Health Literature*, Glendale, CA: Cinahl Information Systems.

Provides authoritative coverage of the literature in nursing and allied health. Published four times a year in February, April, July, and October.
