# SU MBA Student Spotlight

Our outstanding students provided their experiences in the Malveaux MBA program.

## Jada Delpit, Fall 2023 Malveaux Online MBA

"I had an exceptional experience in the Malveaux MBA program at Southern University. The curriculum was rigorous, yet insightful and rewarding, allowing me to develop a strong foundation in business principles while honing my leadership and analytical skills. The faculty's dedication and mentorship were instrumental in my academic and professional growth, providing countless opportunities for personal development including the chance to participate in the National Black MBA Association Case Study Competition and Conference. I am now working at IBM as a Business Consultant, and I am so grateful to Southern University for providing the tools and resources that help me excel in my role."

## National Black MBA Conference Fall 2023 and Fall 2024 Attendance and Case Competition

## William Wallace, III Spring 2024 Malveaux JD/MBA

My name is William Wallace III, and I recently began my career as a Commercial Litigation and Insurance Defense Lawyer in Dallas, TX after graduating from the Southern University JD/MBA program in May 2024. I particularly enjoyed the Malveaux MBA program at Southern because it gave me a solid foundation in business principles, which helps me better understand the complexities of the cases I handle and offer practical solutions to my clients. Congratulations Will on passing the Texas Bar Exam in July, 2024.

Program Director – Rufus Trey Davis  
Parliamentarian – Safari Thompson

## Hats Off to the Spring 2024 Malveaux MBA Graduates

## Spring 2024 Father and Son Graduates

**Congratulations!**

# SU MBA Global Leadership Speaker Forum

The SU MBA “Global Leadership Speaker Forum” is designed to enhance the business knowledge and leadership mindset of our MBA students through lecture series presented by distinguished guest speakers. Our aim is to enhance the corporate awareness of our students and develop their leadership skills. Our 2023-2024 Academic year speakers: Mr. B.J. Rodgers, Malveaux MBA Board of Advisors, Past-President, Mr. Jermany Woodley, Malveaux MBA Board of Advisors, Treasurer and Ms. Brandy Alford, Growth Operator, Formal Global SVP of Innovations and Partnerships.

B. J. has over 40 years in business and professional leadership. Currently he is an entrepreneur with several McDonald's located in the Denver, Aurora and Commerce City Colorado. B. J. began his professional career with Bank of America. Later he joined General Motors where he held numerous financial positions. He worked in GM Assembly Division Headquarters, Oldsmobile, Cadillac and GM's Corporate Audit Staff. He retired from General Motors as the Chief Financial Officer for the General Motors Foundation and Chief Financial Officer for the Legal Staff, Public Policy Staff, Office of the Secretary and Treasurer of the General Motors Political Action Committee.

Jermany K. Woodley Sr. is a Father, Proud Southern Alumnus and Businessman. Mr. Woodley is a 2013 Accounting Graduate, where he was Grand Marshall of the College of Business Summer 2013 Graduating Class. After enrolling into the SU MBA Program 17 days after his undergraduate graduation, he obtained his MBA degree in 2015. He currently serves on the SU MBA National Board of Advisors as the Treasurer. When he's looking to hire talent, his priority is Southern University College of Business students and he encourages all of his employees to enroll in the SU MBA

Dr. Brandy Alfred is a health technology executive with 20 years of experience in the private and public sectors. Dr. Alfred is also a strategic advisor for the World Economic Forum's Global Health Equity Network, where her commitment to health justice is complemented by her corporate success in scaling corporate impact for social good. This past summer, Brandy completed her Ph.D. in public policy at the Nelson Mandela College of Government and Social Sciences (Southern University). Her research interests lie at the intersection of health policy, patient rights, and public benefit impact investing. As Global Vice President of Innovations & Partnerships at Salesforce Health, she oversaw a \$24.5M portfolio and used the Health & Life Science \$1B+ balance sheet to manage profitable partnerships in the \$8B Population Health Software Market.
